

Class 3 Learning Snapshot

Autumn 1 2026

ENGLISH

Using Flotsam by David Wiesner as inspiration, the children will create their own imaginative narratives. They will explore how descriptive language and dialogue can be used to develop characters, settings and events, bringing their fiction writing to life.

After this, they will use their knowledge from our geography sessions to inform their non-fiction writing, producing non-chronological reports about France.

MATHS

This half term in Maths, both year groups will focus on place value and number facts. We will work on improving our understanding of place value, as well as exploring mental strategies and written methods for addition and subtraction.

Children in Year 3 will receive their login details for TT Rock Stars in their reading diaries during the first week back. It is recommended that all children practise their times tables regularly.

Parents as partners

Here are a few suggestions on how you can support your child's learning further.

Reading

Reading at home is vital. Please make sure you comment in and sign your child's reading diary. Our reading reward scheme starts in the second week back.
